Executive summary

NOTE: this document aims to provide necessary data for purposes of Project and shall not be used in any other way under any condition. Malusage is prohibited by the Intellectual Property Law.

Section 1: Introduction

1.1: Main objectives

WS4/WP5 is characterised by its perpetual duration during throughout of the Project. All activities in WS4 are not divided in phases (see: General Agreement, PART B - SUBMISSION TEMPLATE PROJECT DESCRIPTION AND IMPLEMENTATION, description of WS and Activities pp. 21 - 23, and compare also to pp. 18 – 19). In general, suggested means of dissemination were mainly: Web page of the Project, open access materials (published papers and other deliverables), Participation in international events such as conferences and meetings, social media presence, Workshops conducted with law professionals, Local events, which concerns the subject matter and other activities.

As far as scientific dissemination is considered, main task of the project Crew is to make Code of Best Practices public and commonly recognised among scholars.

All undertaken actions in order to disseminate project presence and outcomes were conducted in accordance with respectively Spanish, Italian and Polish Law, with regard on due diligence principles and under common agreed in Consortium means and manners of dissemination.
